THE BENEFICIARY

National Capital Lyme Disease Association

The National Capital Lyme Disease Association (NatCapLyme) strives to improve the quality of life for people suffering from Lyme and other tick-borne illnesses by offering support and disseminating information that educates and empowers patients, families, healthcare workers, and the community at large about these diseases. NatCapLyme encourages individuals to advocate for themselves in their goal to regain their health. The organization offers regular patient support group meetings throughout Virginia, Maryland, North Carolina, and DC, as well as information, speakers, and news updates on legislative and scientific developments.

NatCapLyme builds support for tick-borne disease research by educating local, state, federal and international medical and political representatives in addition to funding Lyme disease research efforts. NatCapLyme collaborates and partners with other organizations and government agencies that are focused on tick-borne diseases through medical conferences, educational seminars and public events.

NatCapLyme is designated as a 501(c) (3) organization by the Internal Revenue Service; your donation is tax deductible.

All net proceeds go directly to NatCapLyme and will be used to educate the public and physicians about symptoms, diagnosis, treatments, and methods of prevention.
